

MUST SECURE NEW SITE FOR ISOLATION HOSPITAL

Concrete Walks May Not be Laid on Streets Until Present Plank Walks are Worn Out

At the meeting of the city council, not a great deal of business was transacted. The council was again interviewed by a delegation of east end citizens in connection with the location of the isolation hospital on the grounds of the public hospital. This time the delegation was armed with a petition which had a string of signatures a yard long. The petition in brief requested that the isolation hospital be not built on the grounds of the public hospital. During the week the council had visited the other site at the foot of the hill on the bank of the river. To settle the question in short order, Alderman Picard moved that the hospital be built on this site and that the commissioners be asked to report as to the cost of building sewer and water connections. Alderman Manson said he had no desire to place the hospital where it would give offense to so many, as the petition received would go to show, but he was not in favor of the site below the hill. Mayor May said he had no use for the site. It was neither a beautiful nor a healthy site. The vote on the motion was taken. Aldermen Picard, Griesbach, Latte and Smith supporting it, and Aldermen May, Manson, and Bellamy voting against. Mayor May, with his double vote, voted against the motion and declared it lost. On motion of Alderman Picard the petition of the east end citizens was granted and a new committee of Aldermen Bellamy, Manson and May was appointed to look into the matter of a site for the hospital.

A communication was read from R. R. Jamieson of the C.P.R. The communication asked that permission be granted them to construct a track across McKenzie avenue and that a by-law be prepared authorizing them to close up Athabasca and Peace avenues in the vicinity of Tenth street, in order to facilitate the running of the tracks into their freight sheds which were to be constructed between Athabasca and Jasper, and in order that there might be no dangerous crossings. On motion of Alderman Latte

this matter was left in the hands of the solicitor, the commissioners and Alderman Griesbach to report. Alderman Griesbach said that if they granted the request for closing up the streets they would be expected to grant such requests right along. He thought the council's reply should be that they would not grant such request but that the railway company would be expected to take precautions for the safeguarding of the public. No steps should be taken in the matter without legal advice.

A telegram was read from the Mayor of San Francisco, thanking the city for the contributions and the offer of relief.

H. Lloyd Young, on behalf of residents of Sixth street, wrote saying that the residents of that street found it difficult to obtain a sufficient supply of water, and said that he wished to know what number of signatures were required to have water mains laid on the street. The matter was referred to the commissioners.

Major Paton wrote asking for use of one building and stabling for twenty horses on the exhibition grounds for use during the school of instruction for the officers of the new squadron of mounted rifles which was being organized here. The school of instruction was to start from May 7th to the 25th. On motion of Alderman Bellamy the request was granted on condition that it would not interfere in any way with other organizations who had rented portions of the grounds.

An account was presented for the rent of the Thistle rink for the two days for \$390. The mayor said that the usual rent of the rink was \$75 per day but that the extra amount was for damage done to the floor while taking out the ice. Alderman Bellamy said he understood that the managers of the rink were responsible for taking out the ice and not the council. He moved that \$150 be paid in settlement of the account. The motion carried.

A petition was received from property owners on the corner of McDougal and Jasper protesting against the placing of a new building on the site.

WANTS CLAIMS LOOKED INTO

Member for St. Albert Moves for a Memorial to Governor General

In the legislature yesterday W. H. McKinney gave notice that on Thursday he would introduce the following resolution:

Resolved that a memorial be presented to His Excellency the Governor-General in Council setting forth that the half-breeds of the province of Alberta claim that the Dominion of Canada by the granting of half-breed scrip recognized in the half-breeds certain rights arising from their being descendants of the original settlers and pioneers of Rupert's Land and the North Western Territory; that although compensation has been made for such recognized rights to a very large proportion of the half-breed population, compensation still remains to be made to a large minority, who for various reasons have failed to obtain the compensation to which they are justly entitled, some of such reasons being, (a) the inability of the claimants to appear before the proper officials to make proof of their claims, (b) the limitations as to the time within which such claims could be presented, (c) the restrictions greater than in respect of earlier issues of scrip imposed by the later Orders-in-Council, or in the interpretations placed thereon by the scrip commissioners or the Department of the Interior; and it is desirable that all just cause of complaint on account of the half-breed population of the province of Alberta should be satisfied, and praying to this end, that an enquiry be had with the view of ascertaining what are the precise claims put forth by half-breeds of the new province of Alberta and to what extent such claims are justly entitled to recognition, and what provision should be made for satisfying such outstanding claims as may be found justly entitled to recognition.

Mr. Kennedy explains that a great many half-breeds both in this part of the country and in the Peace River area who they consider a substantial grievance in the matter of awarding the scrip, as some of them were overlooked in granting scrip.

TORONTO POST OFFICE BURNED.
The Toronto city post office on Adelaide street was burned Sunday night. Watchman Letsey was burned in the building.

THE BULLETIN

EDMONTON MAN FOUND FAMILY UNINJURED IN SAN FRANCISCO

Mr. A Crystal Returned From the Ruined City Last Night Accompanied by His Wife and Family Who Passed Through the 'Quake

Mr. A. Crystal returned yesterday from San Francisco, accompanied by Mrs. Crystal and family, who spent the winter in the stricken city. When the news of the disaster was published Mr. Crystal, unable to get things of his family by wire, left for San Francisco. At Oakland he secured a permit to cross to the ruined city, and after some difficulty succeeded in finding them uninjured.

Mr. Crystal has some interesting stories to tell. He is one who does not believe the published report that the street cars are running in San Francisco again. He left there on the 26th and says that from what he saw he is of the opinion that it will take half the summer to get the streets into condition again. When he left there the city authorities were tearing down shaky walls and making preparations to clear the streets, but they had a long job ahead of them. The city is a total wreck, especially the business section, which is one chaotic mass of bricks and stone strewn in all directions, so that in many cases it is difficult to see where the streets were, to say nothing of having them cleared for the street cars.

Mr. Crystal says that the fatalities in San Francisco will never be known. The greatest loss of life occurred in the lodging house district, and as the buildings were all burned up, leaving no trace of those who were killed, and as there are so many people coming and going in 'Frisco all the time, of whom there is not and could not be any record, it will be impossible to even accurately compute the fatalities. Added to this from twenty to thirty trains are leaving the city every day and every train is crowded with refugees who are going to distant parts. The authorities have no way of knowing how many of the missing are among those refugees and how many are victims of the disaster.

When Mr. Crystal was in San Francisco railroads were being issued three times a day by the authorities, and the paper and millionaire alike lined up alongside the bread wagon. There was no distinction whatever; the relief committee is no respecter of persons and it knows no names. Money was no good in 'Frisco for those few days. There was not a thing salable for sale in the entire city, and there was no accommodations to be purchased. People slept in the streets or wherever they were when darkness overtook them. There was little or no shelter. No fires were allowed in the houses and 200,000 people did their cooking and eating, and the meat of them did their sleeping out of doors.

Mrs. Crystal saw a great many of the sights which the newspapers told about in their accounts of the disaster, among others the wrecked Valencia hotel. Two hundred people are believed to have been killed and buried in the ruins of this place and when Mrs. Crystal saw it they were digging among the ruins to recover the bodies. She saw a whole wagon-load of bodies being carried away to be cremated, and saw many of the gruesome sights which greeted the survivors of the tragedy.

CATCH RESOLUTION VOTED DOWN
Ottawa, May 2.—The common agent yesterday in discussion of the North Atlantic Trading Co. contract with the Dominion Government for immigration, Miller of South Grey opened the debate. He was followed by Lake, of Qu'Appelle. Sir Wilfrid Laurier made a strong defence of the contract. Mr. Borden replied attacking it. Mr. Fielding answered Mr. Borden and scolded and Borden followed. The House divided on a resolution of Mr. Foster attacking the contract and asking for cancellation. The resolution was lost sixty-one for and 115 against; majority for the Government 54.

FALSE REPORT.
Winnipeg, April 30.—Mrs. Drumm of Frank, who was reported as killed in the San Francisco disaster, is alive and well. Mrs. Drumm is the wife of the editor of the Frank Paper.

\$12 per acre, choice half section at Agricola school house. East terms.

NEWSY ITEMS FROM STRATHCONA

The Bulletin's Daily Budget From the Sister Town

Strathcona, April 30.—W. W. Goulet of the educational department, Edmonton, and P. G. Honey of the Strathcona, spent last Sunday with Mr. and Mrs. W. E. Rankin, McDonald avenue, Strathcona.

Annie Kitz vs. J. McLean, of Dominion Hotel. This was a wage case which came up before Magistrate Connolly on Saturday last. Case dismissed, plaintiff to pay costs, as she had violated her contract with defendant. Magistrate Connolly left his bicycle on Saturday evening, as usual on the sidewalk opposite his office, near the post office, Whyte avenue. When business closed for the evening he found his wheel, (Cleveland) gone. The case is now in the hands of the police.

D. McDonald of Dunvegan, Peace River, who has been visiting his friends in town, returns home tomorrow via Athabasca Landing.

J. M. Eaton, contractor, is very busy now having three houses in course of erection. He finds considerable difficulty in getting material and first class workmen. He speaks hopefully of building prospects in town this season.

Mr. Norden and party have returned from a tour about eighteen miles up the Saskatchewan where they were gold prospecting. His reports fairly good success, but there were too many in the party to make much of a financial success.

The defective well at the power house has been repaired and the pumps were successfully at work again today.

Messrs. Corey and Burns are up from Nova Scotia. They came for the purpose of taking up land, but have not yet gone out in search of any. The former is a relative of Rev. Mr. Corey of the Baptist church here.

Mr. G. Davis is at the Alberta here. He came up, some few days ago from Nelson, B.C. for the purpose of securing some rich Alberta land. He reports times going in the Pacific province, but little or no chance for the laboring man to get a farm of his own, owing to high prices and limited area of arable land.

CITY CHARTERS GO THROUGH

Medicine and Lothbridge Get all the Powers They Want From the Legislature

The time of the legislature was occupied very largely with the Lothbridge charter and some few finishing touches to the Medicine Hat charter, both of which are now ready for third reading.

Both charters are very lengthy, and both apply for practically the same powers, but in duplicate charters are similar to the Edmonton charter, but are different in the essential feature that all powers are vested in the council and through them delegated to the commissioners and that the commissioners only hold office during the pleasure of the majority of the council.

The bills were reported by the committee of the whole and the amendments read a first and second time, which completes them except for third reading.

The mechanics lien bill, the amendments to the Calgary charter, the Westlock charter, and the Dental Association bill were read a third time and finally passed.

The House went into committee of the whole on the Wawanesa Mutual Insurance charter and the Commercial Insurance Co. bill. Mr. Stuart explained that the reason why these companies, which were already chartered in Manitoba, wanted duplicate charters was that a company when unacted required that a company when unacted, shall take out a Dominion license. As the Wawanesa did not want to do business in any other than the prairie provinces it did not want to take out a Dominion license, and therefore came to the other two provinces with an application to have its Manitoba charter duplicated here and in Saskatchewan. As the time had now, there was occasion for grave doubt as to whether the policies of the Wawanesa, which is doing a large business in this country, were good, owing to the fact that the company had taken out no Dominion license.

In order to bring the companies directly under the supervision of the provincial government, a clause was put in the bill providing that the charter should be subject to the provisions of the Companies Act. In this condition the bills passed committee of the whole and the amendments were read a first and second time, preparing the bills for the final reading.

The bill to limit the right to dispose of property by will, which was the downy enactment proposed, was withdrawn yesterday afternoon on the understanding that it will come up at the next session when the government has had time to look into the effects of such an enactment.

At the evening session the Veterinary Surgeon's bill was taken up in the committee of the whole, and the same amendments made to it which were made to the other professional bills, namely that the association should come under government supervision and that the examining board should be subject to the approval of the department of education, which passes the way for when the time comes for the establishment of a university.

The amendments were made to the chemists and druggists bill, and it was advanced to where it is ready for third reading.

In order to hurry the bills through, the rules were amended so that three bills introduced by Mr. Finlay could be read a second time and referred to their respective committees. The bills are amendments to the ordinance regarding stray animals, amendments to the public health act and to the game law. They will come before the committee of the whole today. There is no essential departure from any of the features of the original act in the amendments.

LAKE TRAFFIC STANDS STILL

Longshoremen and Transport Workers Quit and the Vessels Lie Idle

Cleveland, May 2.—Every member of the International Longshoremen's Union and Transport Workers' Union employed on boats of the Lake Carriers' Association quit work at midnight last night and to-day not a pound of ore, coal or grain was being handled in Cleveland. The same condition exists in practically every Lake Erie port. Every tug in harbor was tied up this morning.

Chicago, May 2.—At midnight last night all members of the Longshoremen's Union at South Chicago, numbering about 3000, quit work of loading and unloading vessels. Of these 1500 are or emuladees and three are laden steamers will be tied up by the strike. Grain trammers are included in the strike order.

WILL INVESTIGATE CONDUCT. Winnipeg, May 2.—According to report the conduct of Rev. A. E. Henderson as president of the Henderson Roller Bearing Co. will be discussed at the Central Methodist district conference of Toronto at its meeting next month with a view to ascertaining whether or not in the disposition of stock in Toronto and Winnipeg and other places he acted consistently with his obligations as a Methodist minister. He is associated as superintendent minister with the district mentioned.

CONFERENCE FAILED. Ottawa, May 2.—The conference over the Sunday observance bill failed to agree upon anything, so that the committee will have to settle the matter.

Local Improvement District. Meeting on Saturday, 5th, at 2 o'clock. Signed, M. HOGAN, Clerk.

By 102-106 chg. Sw 49 chg.

NOTICE. Anyone interfering with logs, piles or square timber stamped 1, 2, 3, 4, in diamond shaped border, or figure of circular saw mark, will be prosecuted. The Edmonton Lumber Co., Ltd. 1 wk. dy.

ESTATE SALE.

There will be sold by Public Auction on Wednesday, May ninth, 1906, in front of the post office at the town of Wetaskiwin, at twelve o'clock noon, the following lands situate in the Wetaskiwin district, belonging to the estate of the late Robert Ramsey, being in Township Forty-three (43), Range Twenty-three (23) west of the Fourth Meridian:

1. That portion of Section Twenty-seven (27) south of Battle River containing 329.70 acres.
 2. The North-west quarter of Section Twenty-seven (27) containing 156.75 acres.
 3. The north-east quarter of Section Twenty-two (22) containing 156.50 acres.
 4. Eighty and nine hundredths (89.50) acres of the south-east quarter of Section Twenty-two (22).
 5. Eighty-two and forty-hundredths (82.40) acres of the north-west Quarter of Section Twenty-two (22).
 The above lands are sold subject to a reserve bid. Terms, 10 per cent cash within five minutes of the property being knocked down to the buyer. Balance on delivery of title, free from all encumbrances.

For full particulars apply to W. J. McNamara, auctioneer, Wetaskiwin, or the undersigned.

WHITNEY'S CONSERVATISM

Premier Whitney has been witness to the genuineness of his Conservatism by breaking the bargain made by his predecessor with the Grand Trunk Pacific. Ex-Premier Ross agreed to give the company 1,200,000 acres of land in Northern Ontario in return for settling 4,000 farmers on the land. Premier Whitney will give the company half the amount of land and release them from all settlement conditions. The present premier apparently prefers to have the land without the people than to have the people on the land.

EXCHANGE U. S. SILVER

Some time since the government made an arrangement with the banks to collect and export American silver. By this arrangement those presenting American silver at a local bank may receive Canadian silver therefor. The banks report that the silver has not been coming in as freely as desired, and as there is a possibility of the arrangement being terminated those having American coins in their possession should promptly exchange them at a local bank. It is a matter, both of sentiment and of advantage to Canada to have only Canadian currency in circulation in the country and the effort of the government to accomplish this should meet with prompt response. When the arrangement with the banks ceases the American coins may trade considerably below par even in trade and those who have not exchanged them will suffer in consequence.

MILLING MERGER

Montreal, April 26.—Plans are being completed here for the formation of another large Canadian milling company which is expected to be an important factor in the flour trade of Canada. Thomas Fyfe, ex-president of the Lake of the Woods Milling Company, and ex-general manager of the Merchants Bank of Canada, is amongst those at the head of the project by which it is intended to include nineteen of the smaller milling companies of Manitoba into one company with a capital in the neighborhood of \$1,500,000.

Most of the mills to be included in the merger have at present an output of from 100 to 250 barrels of flour per day, but it is intended that the output of a number of mills should be largely increased, and in the near future the new company would have a daily output of 3,000 to 3,500 barrels a day. A number of the small mills have been anxious for the formation of another large company, as they contend that it has been almost impossible for them to compete against the big companies. The head office of the new company will likely be located in Montreal.

While the movement refers apparently only to the mills of Manitoba, such company if formed would be in a position to dominate largely the export flour business and hence the local wheat market of the entire west and might reasonably be expected to extend its active operations beyond the Province of Manitoba in the early future. While such combinations have an advantage in cheapening production they not infrequently have also the effect of lowering the price of the raw material from which such product is made by lessening the competition among manufacturers. The announcement of the merger will not in the West be construed as supporting the opposition of Senator Loughheed to the "Attempt to capture Western Canadian wheat for American milling companies."

GETTING "ON TO HIS JOB"

Senator Loughheed of Calgary was chosen a few days since leader of the Opposition in the Senate and whether or not the "corporation connections" of the gentleman and his distinguished partner had anything to do with the appointment the new leader has given early assurance that he clearly understands the historic relationship between the sold corporations and the party to which he belongs and that so far as the Senate brigade of the party is concerned it will not be permitted to violate the traditions of this long-standing friendship.

Mr. Hill's plan for a western Canadian railway system came up in the Senate on Friday, and the outrageous proposal that this foreign magnate be permitted to build lines on Canadian soil stirred deep emotions in the Senators of the gentleman from Calgary. Forthwith arose the irate crowd leader to denounce the threatened invasion and to testify to his unwavering allegiance to the time-honored doctrine that Canada belongs to the Canadian corporations.

Quite recent history throws an interesting spotlight on the present position of the new leader. There was a federal general election in the year 1900 in which the partner of Senator Loughheed was the Conservative candidate in Alberta, in opposition to the present Minister of the Interior. In that election campaign the transportation question received no small share of attention. The Canadian Northern

ENORMOUS AREA
HOMESTEADED

More Entries Made in the Month of
April Than for the Five Years
From '94 to '98 Inclusive

For the month which closed yesterday Canada's gift to the settlers in the Edmonton district was 126,640 acres of land.

During the month of April there were taken out in the land office here 779 homesteads.

It is needless to say that this is a record.

For March of the present year the entries totaled 587.

No other month in any previous year ever came within 250 of the number of entries made in April, 1906.

For the five years 1894 to 1898 inclusive the total number of homesteaded entries in the Edmonton district were 789.

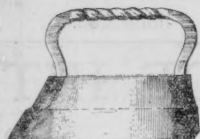

May is always counted the banner month for homesteading. If a proportionate advance is made in May of this year as compared with May of previous years there will be over 1000 homesteads taken out.

Computing at the conservative rate of three to the family, the population of the Edmonton district has been increased by homesteaders alone to the extent of 2,837 people.

This takes no account of the number who have gone onto lands from railways, the Hudson's Bay and the various land companies, or of the vast number who have acquired farms by private purchase and have moved into the country without any record of their arrival.

During the month of April there were 117 patents issued, 2112 letters received and 1144 letters sent.

For the same month last year there were 21 patents issued, 1513 letters received and 1513 letters sent at the trailors, Foster would not divide up,

ALBANI'S "GOOD-BYE" TO CANADA

The Queen of Canadian Singers and Her Talented Company
Who Appear in Edmonton Next Week

The Queen of Canadian Singers appears in the Thistle Rink on Wednesday evening of next week. This is Madame Albani's farewell tour of Canada and her last visit to Edmonton. She is accompanied by a group of talented artists.

MISS VERNE.

Miss Verne, the great English pianist, who is without doubt regarded as the best exponent of the Classics in Britain to-day, is no stranger to Canada, for she accompanied Madame Albani on her tour of this country in 1903. Her playing at that time was one of the best features of the Albani concerts, but since then she has matured wonderfully, and it is indeed fortunate for musical Canada that Madame Albani has been able to secure her services for her farewell tour of her native land.

MLLE. EVA GAUTHIER.
Mlle. Eva Gauthier is a young French Canadian, born at Ottawa, just twenty-two years ago. Her quick rise among the talented artists of the day is due in part to the interest taken in her by Lady Laurier, who, attracted by the girl's very remarkable talent, sent her to Europe to study under the famous masters in Paris, and lately in London under William Shakespeare, who was himself a pupil of the great Lamperti, Albani's teacher. Mlle. Gauthier returns to the land of her birth after an absence of four years and will undoubtedly win many triumphs during this farewell tour of the great prima donna. Madame Albani herself says: "Of all the young singers I have heard lately, Eva Gauthier is by far the best."

MR. ARCHDEACON.

Mr. Archdeacon, who has won his spurs in Grand Opera at Covent Garden, London, is equally famous as an oratorio and concert singer, who has been in demand in all quarters of the globe. There are few baritone voices on the other side who rank higher in the profession than Mr. Archdeacon. He is the possessor of a real baritone voice of great power and exceptional quality which he uses with an almost perfect method. But the charm in this great baritone's singing is the warmth and dramatic force of his renderings. He possesses the temperament found only in the really great artist, and one never tires of his singing.

HAYDN WOOD.

Haydn Wood, the violinist of the Albani Farewell Tour, is one of Great Britain's foremost artists. Although very young, his success from the very first has been of the meteoric order. Mr. Wood gained a violin scholarship at the Royal College of Music 1897, and studied with Senor Arbos for six years, proceeding to Brussels to finish with Cesar Thomson. In addition to being one of the first virtuosi in London, Mr. Wood is favorably known to fame as a composer. His suite for orchestra, performed recently in London was for him the very highest praise. Sir Villier Stanford was his master for composition, and being undoubtedly largely endowed with the gift of melody as a composer the violin playing of the composer-violinist should touch the heart-strings as few violinists can.

ROBLIN MAY
SPRING SURPRISE

May Go to the Country on a Proposal
for New Hudson's Bay Route

Winnipeg, May 2.—Premier Roblin and his colleagues are at present giving much consideration to the Hudson's Bay Railway question and a further declaration may be expected from the Government in the course of a few days. This information comes from a friend of the administration, who says not to be surprised if the local house was dissolved about the time of the announcement, the Government playing the Hudson's Bay Railway as its trump card. The surprise card which Roblin has up his sleeve is said to be the proposed route of the line to the Bay. At present the projected route is from a point a few miles from the westerly border of the province and thence north. This would not give to Manitoba a single mile of additional railway as the Dauphin road would serve as part of the trunk line. In a political sense politicians figure out that it would be a much stronger card to have a line running to the Bay almost due north from Winnipeg. In line with this view the Government is considering the advisability of adopting a route between Lake Winnipeg and Lake Manitoba. The route would probably lie east of Lake St. Martin crossing the Dauphin river which empties into Lake Winnipeg at Sturgeon Bay and continuing north across the Saskatchewan at Grand Rapids. By the adoption of this route there would be considerable saving in distance and the Hudson's Bay line proper would run almost directly north and south across the entire province excepting sixty miles between Winnipeg and the boundary. It would also be a direct outlet for products from the American side and be joined by the Hill system.

CLEARING HOUSE RETURNS.
Following were the clearing house returns for several Canadian cities last week:
Montreal, \$20,625,326.
Toronto, \$17,315,052.
Winnipeg, \$1,343,302.
Halifax, \$1,260,167.
Vancouver, \$1,820,675.
Quebec, \$1,255,752.
Hamilton, \$1,130,120.
Calgary, \$886,207.

ATTACKED BY A BULL.
Rosthern, May 2.—A woman named Neufeldt was nearly gored to death by a bull last evening. It was milking time and the woman endeavored to tie up the animal, which made a fierce rush at her, tearing a terrible hole in her side. She was rescued and medical aid summoned but she was very weak through loss of blood and her condition is precarious. Miss Neufeldt is thirty years old, and lived two miles from town.

COUNT WITTE
MAY GIVE UP

Worn Out With the Task Russia's
Premier May Resign

St. Petersburg, May 2.—The Emperor may decide to accept Premier Witte's resignation but until the fact is published nothing is certain. Count Witte desires to go. He is worn out with the struggle. Nevertheless the situation at Tzaroselo changes with unexpected rapidity. The moment is certainly critical. Count Witte's enemies at court certainly have the upper hand and on the very eve of the battle in Parliament the Emperor seems to be about to commit the fateful blunder of changing his commander. Even the organ of the constitutional democrats, while it regards Count Witte as being an unworthy intermediary between the Crown and its people, declares that the Government has no one to take his place, and that his downfall means the disappearance of the last chance of the government and people to find a common ground. In effect the decision to throw Count Witte overboard is a direct challenge to the people.

WINNIPEG OWES \$2,000,000.
Winnipeg, May 2.—With a gross city debt of slightly over \$3,800,000 and net debt of over \$2,000,000 Winnipeg entered to-day on the fiscal year of 1906-07.

LIGHTNING DESTROYED STOCK.
Rosthern, Man., May 1.—During a storm which swept over here, Douglas McQual lost three valuable horses by lightning which struck his barn. The building was full of animals and the stroke knocked every beast down and killed three. McQual and his man narrowly escaped.

(Continued from page one.)

ing of any of the buildings on lot 12. This is the lot on which the C.P.R. are to build their new offices. The frame building is being moved to the back of the lot, which the petitioners say is an infringement on the by-law.

On motion of Alderman Griesbach the petition was received and the building inspector will be instructed to keep an eye on that property and see that there is no infringement of the by-law.

In accordance of motion, Alderman Picard moved that the motion authorizing the construction of concrete walks on Namayo avenue be rescinded and that no concrete walk be built until the life time of the plank walks had expired.

Alderman Bellamy seconded the motion. This gave rise to considerable discussion and brought out some important points.

Alderman Smith thought there were exceptional cases when concrete walks would be absolutely necessary.

Alderman Picard said that in making the motion his intention had been to protect the present owners of the property. As property was changing hands so often at present it was not unlikely that the owner who had signed a petition for a concrete walk was not the present owner, and that probably the present owner would not care to pay the double frontage tax on the old plank sidewalks, the life time of which had not expired and on the new sidewalks.

Alderman Bellamy was in favor of having some general form of procedure but he thought in the case of the Namayo avenue residents it was only fair that they should be consulted and have it explained to them that they would be expected to pay a frontage tax on the old sidewalk until its time had expired and also on the new concrete sidewalks. He thought that if the residents had understood about the double frontage tax they would not have signed a petition.

Alderman Griesbach said he agreed with the first part of the motion and said that if the residents really understood the position, that their request for a sidewalk should be granted, but he thought that it would not be wise to accept the policy generally, as it would be to bind themselves down to keeping old sidewalks in use when a good many streets could be improved by laying concrete sidewalks, the city was growing very fast and it would be some time before the time of any of the plank sidewalks would have expired.

The motion of Alderman Picard was put to a vote.

Alderman Manson thought that it would be a good thing for the general public to have the situation explained to them.

Alderman Mays moved that the commissioners take steps to consult with the residents of Namayo avenue explaining the situation to them, and also that the commissioners explain to the general public the double frontage tax. The motion carried.

Alderman Bellamy brought forward the list of accounts for the sanction of the council. Alderman Griesbach raised an objection to one account of T. Leuder and A. Hammond of the fire-brigade, which appeared in the monthly pay sheet. He wanted to know by what authority these accounts were to be paid.

Mr. Kinnaird said that the men had been employed by the commissioners and their salaries ascertained.

Mr. Griesbach asked: "Have the commissioners the power to make appointments and fix the salaries?"

Mr. Kinnaird said, "I think so."

Alderman Griesbach said: "I don't think so. You have no power to fix salaries." He said that the salaries of these men had not been fixed by the council and therefore the council had not the right to pay them.

Alderman Manson said that the responsibility of the fire protection had been left with the commissioners, and he thought they had a right to employ any one.

Alderman Bellamy thought that the commissioners had taken in hand the matter of the fire brigade and that the objection raised was not well founded.

Alderman Griesbach said that in passing the accounts in that shape the council were parting from their legislative power, the only power they had.

Alderman Mays thought the objection was well taken, but he thought that it was a case of emergency.

The report of the fire chief which has lain on the table for some weeks was referred to the commissioners.

The amendments to the plumbing by-law were read a second and third time and passed, as recommended by the plumbing inspector.

Alderman Mays spoke of the matter of Mr. Adamson and his phone. He said that notwithstanding the fact that Mr. Adamson had himself paid for the expense of having the wiring and poles placed from Vogel's meat packing house to his residence about a mile and a half away, the city was charging him the commercial rate for the phone.

The matter was referred to the telephone committee.

Tenders were received for plank sidewalks, the commissioners recommending the acceptance of the tender of the A. H. Green Co., the tender price being 5, 6, 8, 9 and 10 cents per lineal foot for 4, 6, 8, 10 and 12 foot sidewalks respectively.

respectively. This tender was accepted by the council.

The commissioners also reported that they recommended the acceptance of the tender of the Ross Co., Winnipeg, for sewer pipe at \$13.101. This report was also adopted.

The commissioners recommended that a 33 foot road be graded from McDougall street to Currie street at a cost of \$40. The report was adopted.

The commissioners also presented a report in connection with a report of Engineer Keely, which asked for a stenographer, a draughtsman, a level man to inspect grades, a horse and buggy, two teams for the scavenger department, a scraper, a can on wheels for the scavenger department, draught tools, and a new fence for the city yards.

The commissioners report recommended that the engineer buy his own horse, but that the city provide stabling and preventer. That as a new fire team would be purchased shortly the present teams be used which are now at work in the scavenger department. That dust carts be got ready for use. That an office clerk and draughtsman be procured, also a man for outside work. As the time limit had expired the council let the report stand.

Editor Bulletin—

The Edmonton branch of the Lord's Day Alliance notes with satisfaction the decision rendered by Magistrate Wade in yesterday's police court against Mah Kee, the Chinese laundryman for carrying on his occupation on the Sabbath day. The fine and costs amounted to about ten dollars which will, no doubt, quite effectively prevent the Chinese nuisance in the future.

There are others, beside Chinamen, in Edmonton, who are just as flagrantly abusing the privileges of the rest day in pursuit of the mighty dollar, and who would do well to benefit by this timely intimation.

AN ALLIANCE MAN.

LAKE COMMERCE TIED UP

Buffalo, Apr. 30.—At midnight 6,000 men, every member of the long shoremen's union in this part went on strike. They include marine, firemen, oilers, water tenders, lake pilots grain scoopers, stationary docks, firemen, coal handlers, tug firemen, and engineers, and ore handlers. Every port on the Great Lakes will be affected by the strike and lake commerce will be tied up with one of the biggest strikes on the Great Lakes in years.

The Edmonton Landscape Gardner

Is now ready to take orders for the building of lawns and the beautifying of all residential property, such as the laying of walks, the formation of shrub beds. All orders will receive prompt attention and any information gladly given. Address, Clara street east of Kinslino avenue, E. U. Fowler, fourth house, Edmonton P.O.

Decisions On Dress

are handed down by more judges than one—it's the consensus of opinion that counts in the sartorial art. We are perfectly willing to abide by the verdict of good dressers of the male sex in Edmonton as to whether or not we garb those well who trust their tailoring to us. Fabric, patterns, fit and price—all proclaim us tailoring leaders in this city.

Talks on Orange Meat
(THE PURE FOOD)

Absolute Cleanliness Free.

It costs us twice as much to have Orange Meat absolutely clean—and does not cost YOU a penny extra. We need not clean—the brain and body building food it is—if we were not so insistent on cleanliness.

After the wheat comes into our grain elevators, from the steamers, it goes into huge vats, filled with pure water. Here the wheat is thoroughly "scrubbed" until every tiny grain is "clean as a new pin."

Then, it's washed once more with fresh water "just to make sure." These extra washings—extra machinery—all mean extra expense to us. But they certainly help to make ORANGE MEAT extra good.

Here's what one Mother in Sterling says about it:—

"After seeing advertisements of Orange Meat and its healthful qualities, we decided to try it. During the last six months, it has been continually in our home and we have used between 20 and 30 packages. My husband and children prefer Orange Meat to all foods we have tried."

Orange Meat weighs 1/2 more than any other package. At all grocers—15c. and 25c. 15c. package contains a coupon, good for new premium. 25c. size holds 2 1/2 times the quantity of 15c. size. Write "Orange Meat, Kingston," for new premium catalogue.

LOCAL.

In order to reach the News or Editorial rooms of the Bulletin, ring up Phone No. 450

—Arbor day, Friday, May 11th.

H. L. Thompson, president of the Cope Clark Co., is in town.

Mrs. W. M. Haight will receive tomorrow for the last time during the summer.

—J. S. G. Van Wart has been appointed sheriff of the Calgary district.

—The bachelors of the city will entertain their friends at a dance this evening in Robertson's hall.

—Major F. C. Jamieson, of Strathcona, has received instructions to recruit "B" squadron C. M. R.

—Arbor day, Friday, May 11th, has been proclaimed a provincial public holiday by the Governor-General.

—A. M. Calderon, architect, from Ottawa, arrived in the city last night, and is staying at the Pendennis. He will shortly open an office in the city.

—Meeting of the Executive of the Edmonton Liberal Association will be held this evening at 8.30 o'clock in the rooms of the Young Liberal Club, Walker block.

—Meeting of the Executive of the Edmonton Liberal Association will be held this evening at 8.30 o'clock in the rooms of the Young Liberal Club, Walker block.

—Walter Harold Smith, one of Toronto's financial men, is in the city today taking a look over the situation, no doubt with a view to acquiring a few desirable corners in Edmonton.

—Tomorrow evening Percy S. Hook musical director of Alberta College, will give his piano recital in McDougall church, assisted by Miss Webster and Miss McAmmond. Those having invitations are requested to present them at the door.

—Calgary Herald: S. McAllister, who was a contractor last year on the C. P. R. irrigation canal, has been given a grading contract on the Grand Trunk Pacific in the neighborhood of Battleford and left this morning with his outfit for the north.

—The regular meeting of the teachers and officers of the Presbyterian S. School will be held in the basement of the church on Thursday evening next at 8 o'clock. A report of the Red Deer Sunday School convention will be given at this meeting.

—Calgary Albertan: Earl Grey, Governor-General of Canada, and Sir Wilfrid Laurier, or perhaps both, will be in Calgary some time in September. They have been invited to attend the annual meeting of the Canadian Forestry Association in which they are both interested, which takes place in Vancouver on Sept. 15th.

—No invitations for Mr. Hook's recital have been sent to registered students of Alberta College, as all College students have the privilege of attending any lecture or recital held under College auspices, without a special invitation. All music students are expected to attend these recitals. The invitations are only intended for those who are not connected with the College as students.

—The W. S. Weeks Co., of Edmonton, report that during the past week they have closed a large and important real estate transaction involving the sum of \$75,000. The property is situated at Saskatoon and is close proximity to the Grand Trunk Pacific railway terminals and yards in that town. Mr. W. S. Weeks and Mr. A. W. Taylor returned yesterday evening to Saskatoon, accompanied by two eastern members of Parliament, who are the purchasers.

—R. J. Hamilton, who has been acting as manager for the Oscar Brown Fruit Co. here for many months past, severed his connection with that company yesterday and is today among the leisure class. Mr. Hamilton, during the time that he has been managing the Brown business has made a great many friends in Alberta, who will regret to hear that he has decided to quit the road and the business. He will remain a citizen of Edmonton and will soon be identified with the fruit business in an entirely different capacity.

—Bruce Powley and family returned last evening on the C. P. R. from a seven weeks' trip to Ontario and the eastern States. Mr. Powley visited all the large American cities, and says that everybody is talking of the west, and particularly Edmonton. He says that where formerly people were ignorant of the possibilities of the west and the wonderful climate, they were now fully informed and ready to believe all that was said of the west. Even in New York people seemed to know all about Edmonton. At Chicago the Dominion immigration agents were doing good work, and every train pulling out for the west from either Chicago or Montreal was crowded full of settlers.

—"Judge" Tipton, of Strathcona, who returned late last week from Chicago as guide to a party of settlers from Illinois, was in the city yesterday afternoon, renewing acquaintances. The "Judge" has been working in Illinois as a special agent of the immigration department, and has achieved considerable success in that line. He says that there is a very large interest in the Alberta country wherever he went in the State of Illinois, and that this country is getting by far the greater part of the immigration. Texas, Oklahoma, and in fact the whole of the southwest is represented by agents, but Alberta, he believes, is getting seven to one more than any state in the union, and this province is drawing more people from the State of Texas or Oklahoma than their agents are taking into them. The "Judge" is of the opinion that notwithstanding that a great many settlers have come in and are coming in at the present time, that the real migration has not yet commenced, and he looks for settlers to flow this way all summer long. He will leave about the end of the week for Illinois again to bring in another party.

—FLOUR GOES UP.

Montreal, May 1.—Leading Montreal millers advanced flour in the east today from 10 to 20 cents a barrel.

SOCIAL AND PERSONAL

F. W. Erwin of Vegreville is registered at the Queen's.

G. Andrew, of Andrew & Co., Jewellers, Winnipeg, is a guest at the Pendennis.

Chas. Young, district manager of the Sun Life, is in the city, staying at the Pendennis.

G. G. Mann, formerly Indian agent at Saddle Lake, has been transferred to Habbema. He is succeeded at Saddle Lake by John Beatty, formerly farm instructor at that agency.

MADAME ALBINA

Madame Albina and company appear in the rink on Wednesday evening of next week. This is the farewell trip of the great Canadian songstress and immense crowds are greeting her everywhere. The closing scenes of the Ottawa farewell concert are said to have surpassed in interest that of any Albina appearance in the present series. After she had been recalled ten times at the conclusion of her closing number, "Good Bye," as she was leaving apparently for the last time, Earl Grey and Sir Wilfrid Laurier led the audience in giving three hearty cheers for the Canadian queen of song.

C. P. R. WANTS STREETS CLOSED

The following letter was received by Mayor May from R. R. Jamieson of the C. P. R. yesterday and was brought up at the council meeting last night. The letter asks for the closing of two streets in the west end north of Jasper, to facilitate the running of their line of railway. The communication was referred to a committee of the commissioners, the solicitor and Ald. Griesbach to report:

The Mayor,

Edmonton:

Dear Sir:

We have acquired property between Tenth and Eleventh streets from MacKenzie avenue to the rear of lots facing on Jasper avenue, as shown by the sketch herewith, and purpose putting in tracks and freight sheds and we would like a bylaw passed by the city council authorizing us to construct two tracks over MacKenzie avenue, also a bylaw passed closing Peace and Athabasca avenues where the same intersects our property. The blocks are but 500 feet long, and it is necessary that these two streets be closed in order that this land may be of the greatest possible convenience to us and our patrons, due to the short strip that we can utilize for local freight work between McKenzie and Jasper, and also to avoid dangerous crossing of our tracks at these two streets.

We would also like to have Tenth and Eleventh streets graded promptly, particularly Tenth street, for teaming to and from our cars.

Will you kindly give these matters your earliest attention and oblige.

R. R. JAMIESON.

LIABLE TO DOUBLE FRONTAGE TAX

The consideration of a general policy in regard to local improvement, was under discussion at the council meeting last night, the council being under the impression that the ratepayers do not generally understand the general liability of the city in this respect, or the special liability of the property owners for frontage assessment. Alderman Bellamy pointed out that the undertaking already authorized to be carried out will place the debt of the city over the \$1,000,000 mark and that it is necessary to go slow in the approving of local improvement work if the council is to avoid future embarrassment in finding itself confronted with an urgently necessary undertaking which the limited borrowing powers conveyed by the city charter would not permit of being proceeded with immediately. In regard to the individual liability of property owners it was pointed out that in some cases cement sidewalks have been petitioned for on streets where the plank walks now existing have still a reputed lifetime of from two to six years, entailing upon the property owners the payment for that length of time a double frontage tax for this convenience. In the case of Namayaw avenue the sidewalk on the east side has still two years to run and that on the west five years, although the property owners have petitioned for a cement sidewalk on both sides of said street. In the case of Second street from Jasper avenue to Mackenzie avenue on the east side the plank walk frontage tax has still from five to six years to run although a cement sidewalk has been petitioned for. It appears necessary that the property owners in such cases should know that they are assuming this heavy burden before the work is undertaken.

NOTICE

His Honour the Lieutenant Governor and Mrs. Bulvey will hold a reception at Government House on Thursday, May 3rd, from 4 to 6 o'clock.
